

Nar-Anon Midwest Region

October Monthly Challenge

Posting on Local cable co.

Greetings NFG's,

In sticking with our latest them the outreach committee decided we should post on our local cable companies web page.

I use Charter so I went to "Charter.net," (use your local cable provider.) Then I went to the "local tab." Then in the classified section I clicked on "community." At the bottom of all the listings was a see "all community" link with an arrow. I clicked that and it took me to ebay classified, at the top of the page there was a link to "create your FREE add." So I created an add like the one on Craig's list. But this time it posted both on my local cable listing and on ebay also. Two for one posting!

Pictures always seem to draw more attention so I posted a picture of our meeting sign.

Along with this in the description area;
