

7th Annual Assembly – Website Committee Report

(Committee members are Theresa C. from Shawnee, KS, Janis A. from Elmhurst, IL, Rose from Leawood, KS and the Webmaster – Rod S.)

1. Earlier this year, the Region renewed the website's hosting contract with JustHost. This cost, ~ \$7/month, is paid until Sept, 2019. We also renewed our URL registrations for 3 additional years.
2. The hosting contract allows for a limitless number of websites to be included in the contract. Presently, the Kansas City website comes under this contract as well. Any NFG or grouping of NFGs, such as a metropolitan area, can also be included under this hosting contract. If you are interested in developing a website for your NFG or metro area, our webmaster would be willing to work with you in setting this up. The individual NFG or metro area NFGs would be responsible for paying for their URL registration(s) which costs ~\$16/year.
3. The Website Committee is currently reviewing the website and making changes where applicable. Anyone that would be interested in participating in this project would be welcome.
4. We are still looking for 'Member Stories' to include on the website. Everyone has a story to tell.
